## Education

---

**Bachelor of Engineering in Information Science and Engineering (ISE)**, Vidyavardhaka College of Engineering 12/2020 – 06/2024 | Mysuru  
CGPA : 8.04

## Skills

---

Java, Python, Spring Boot, Hibernate, SQL, REST APIs, Microservices, Maven, React.js, HTML, CSS, JavaScript, Bootstrap, Jenkins, Docker, Git.

## Internship

---

**Android Developer Intern**, Prodigy Infotech 03/2024 – 05/2024

- Fixed UI bugs and improved layout responsiveness in a Product Management Application using XML.
- Optimized UI components to enhance the user experience and ensure a smooth interface.
- Collaborated with developers to identify and resolve UI issues for better app performance.
- Gained hands-on experience with Android Studio and Java, applying best practices in UI/UX design and debugging.

## Projects

---

### Fake Profile Detection in Social Media-AI/ML

- Developed a machine learning model for detecting fake social media profiles using user behavior and profile attributes as a major final-year engineering project.
- Implemented Random Forest and Decision Tree classifiers, achieving 100% accuracy in training and 96% in testing.
- Conducted a user survey to collect real social media accounts and created a separate dataset to enhance accuracy and improve real-profile verification.

### Canteen Automation System - Web Application

- Developed an interactive web application for college canteen management using HTML, CSS, JavaScript, Bootstrap, and SQL, reducing wait times and order errors.
- Implemented a real-time order tracking system with smart queue management, achieving a 92% user satisfaction rate in a post-implementation survey.
- Conducted usability testing and optimizations, resulting in a 40% reduction in order errors and improved ordering efficiency.

### Tic-Tac-Toe - React Web Application

- Developed an interactive Tic-Tac-Toe game using React.js, providing a smooth and responsive user experience.
- Implemented state management for real-time gameplay updates and logic for determining the winner.

## Certificates

---

- Google Cloud Platform – Associate Cloud Engineering Path
- Java Full Stack Developer - Qspiders
